⚖️ Tension between Safety and Inclusivity

- Why are people disclosing?

- What happens after disclosure?

- Platform vs. Community

Do you think I am a bad person?

Edit: I don't know why I'm being downvoted, but I will correct anything if someone explains why I am wrong here.

⚖️ Tension between Safety and Inclusivity

- Platform vs. Community

What does gender mean to you?
I am always questioning my gender and was wondering how other people feel.

Hey, after seeing some other comments I looked at your post and comment history. Quite honestly it sounds like you don't understand any of the concepts we are discussing. Stop posting here. It's not a space for you.

What do we all think about this transphobic post I saw on Facebook?

Edit: No, after giving it some thought. This conversation is necessary because we must be able to recognize potential reactions in others and discuss them.

This is not something I want to see in this safe space.

❓ Challenges in Multi-Layered Contexts

- How can we, with CI, study subcommunities that have additional nuances and privacy contexts which may also contradict a broader, societal context?

- How do we map the iterative process of developing norms within a static context or "group"?

- How can well pull apart informational/privacy norms within online platforms?
